

Using PowerPoint to Create Learning Resources

Activities 1-4

Activity 1 – Issues for Discussion

Spend a few minutes reflecting on each of the following questions. Your answers should help you to better understand your own needs and thus able to make the best use of that other activities in this workshop.

1. Why do you use/want to use PowerPoint in teaching and learning?
2. Do you use it primarily in face to face situations?
3. Do you want/need to use it to support 'distance learning'?
4. Do you want to include *PowerPoint* presentations in Blackboard?
5. If so, why?

Is it to disseminate information?

Is it to empower note taking?

Is it to create interactivities?

6. Are you using Blackboard to support face to face or distance learning?
